Region_With_Most_Revenue

Insights:

>>PA(Pennsylvania) Generates the highest revenue among all states.

>>TX(Texas) and CA(California) also contribute high revenue.

>>State like NC, GA, NJ generate much , lower revenue.

Recommendation:

>>Increase marketing and inventory supply in PA, TX, and CA, as these states show the strongest demand.

Run promotions or customer research in low performing states to understand lack of sales.

>>Consider relocating the stock from low demand regions to high demand regions for faster turnover.
